INDEPENDENT AUDITOR'S REPORT

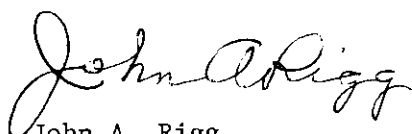

To the Honorable Members of the
Mt. Haley Township Board
Midland County, Michigan

I have audited the accompanying general purpose financial statements of Mt. Haley Township, Midland County, as of and for the year ended March 31, 2006, as listed in the table of contents. These general purpose financial statements are the responsibility of Mt. Haley Township, Midland County, management. My responsibility is to express an opinion on these general purpose financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements of Mt. Haley Township are not reasonably determinable.

In my opinion, because of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Mt. Haley Township, State of Michigan, as of March 31, 2006, or the changes in its financial position or its cash flows for the year then ended.

MT. HALEY TOWNSHIP
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Mt. Haley Township conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

A. Description of Reporting Entity

Mt. Haley Township, Midland County, was organized prior to 1900 and covers approximately 24 square miles with the township's seat located within the boundaries of the township. The township operates under the directorship of a township board consisting of five members. The township provides the following services: public safety, highways and streets, culture and recreation, refuse collection, public improvements and general administrative services.

B. Fund Accounting

The accounts of Mt. Haley Township are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped, in the financial statements in this report, into fund types and fund categories as follows:

Governmental Funds

General Fund - The general fund is the general operating fund of the township. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Fund - A special revenue fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Fiduciary Funds

Trust and Agency Funds - A trust and agency fund is used to account for assets held by the township in a trustee capacity or as an agent for individuals, private organizations, other governments or other funds. Agency funds are custodial in nature and do not involve measurements of results of operations.

C. Fixed Assets and Long-Term Liabilities

Fixed assets used in governmental fund type operations are accounted for in the general fixed assets account group, rather than in governmental funds. No depreciation has been provided on general fixed assets. Infrastructure fixed assets are not included in the general fixed assets account group.

MT. HALEY TOWNSHIP
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

Historical costs of assets on hand on March 26, 1969, were not available. A nominal value is used for these assets with subsequent purchases recorded at cost.

Long-term debt obligations of governmental fund types are accounted for in the general long-term debt account group, rather than in governmental funds. Annual principal and interest requirements are included in expenditures of the general fund.

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

All governmental and fiduciary funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when they become both measurable and available to finance expenditures of the fiscal period. Expenditures are generally recognized when the related liability is incurred. Exceptions to this general rule are principal and interest payments on long-term debt which are recognized when due.

E. Budgets and Budgetary Accounting

Budgets for the general fund and special revenue fund are adopted on a basis consistent with generally accepted accounting principles. All budgets are on a line item basis and are adopted annually after a budget hearing and prior to the approval of any expenditure for the fiscal year.

F. Cash and Interest Bearing Deposits and Investments

Deposits are carried at cost. Deposits are in one bank in the name of Mt. Haley Township. Michigan Compiled Laws, Section 129.91, authorizes the local unit to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated by two standard rating agencies within the two highest classifications, which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposits of public funds must maintain an office in Michigan. The local unit's deposits are in accordance with statutory authority.

The Government Accounting Standards Board (GASB) Statement No. 3 risk disclosure for deposits at year end are as follows:

<u>Deposits</u>	<u>Carrying Amount</u>	<u>Bank Balances</u>
Insured	\$100,000.00	\$100,000.00
Uninsured	<u>111,506.91</u>	<u>119,990.64</u>
	<u>\$211,506.91</u>	<u>\$219,990.64</u>

MT. HALEY TOWNSHIP
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

The township does not have any investments which require disclosure of categories of risk in accordance with GASB Statement 3.

G. Vacation, Sick Leave and Deferred Compensation

The township does not provide vacation or sick leave benefits to its employees, nor does it have a deferred compensation plan.

H. Other Significant Data

1. Property taxes attach as an enforceable lien on the property as of December 1. Taxes are levied on December 1 and payable through February 28, at which time they are returned delinquent to the Midland County Treasurer. The full 2005 levy of the township's property tax is recognized as revenue of the current period. The uncollected property taxes as of March 31, 2006, are recognized as a current receivable. The township bills and collects its own property taxes and also taxes for other governmental units. Collection of taxes and remittance of same are accounted for in the tax agency fund. Property taxes levied included 1.2806 mills for general operations and \$110 per residence for solid waste collection for the current year. The 2005 state equalized value and taxable value of property located in the township totaled \$46,688,570 and \$37,905,552, respectively. The delinquent real property taxes of Mt. Haley Township are purchased by the County of Midland. The taxes have been recorded as revenue for the current year.

2. A summary of changes in general fixed assets follows:

	Balance 4-1-05	Additions	Balance 3-31-06
Land	\$ 1.00	\$	\$ 1.00
Building and improvements	100,899.11	19,150.24	120,049.35
Equipment	19,195.56		19,195.56
<u>Totals</u>	<u>\$120,095.67</u>	<u>\$ 19,150.24</u>	<u>\$139,245.91</u>

3. The Statement of Changes in Assets and Liabilities - Tax Agency Fund, Statement 5., is not shown as a combining statement. This is shown as a separate statement since only one agency fund exists in Mt. Haley Township.
4. The financial statements do not include combining statements for special revenue funds since there is only one special revenue fund, the solid waste fund.
5. The totals column on the combined statements is captioned "Memorandum Only" to indicate that it is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation, because interfund eliminations have not been made in the aggregation of this data.

MT. HALEY TOWNSHIP
NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2006

6. Other Required Individual Fund Disclosures

Generally accepted accounting principles require disclosure, as part of the combined statements, of certain information concerning individual funds including:

- a. Summary disclosures of changes in general fixed assets by major asset class: See Note H.2. for this information.
- b. Excess of expenditures over appropriations in budgetary funds: No fund had expenditures in excess of appropriations for the year ended March 31, 2006.
- c. Deficit fund balances of individual funds: No fund was in a deficit position at March 31, 2006.
- d. Individual fund interfund receivable and payable balances.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Fund</u>	<u>Interfund Payable</u>
General	\$ 695.18	Tax Agency	\$ 695.18

7. The township provides pension benefits to substantially all of its employees through a defined contribution plan. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. The plan is administered by Municipal Retirement Systems, Inc. As established by board resolution, the township contributes 7.5 percent of gross earnings. In accordance with these requirements, the township contributed \$4,054.06 during the current year, and the employees contributed \$4,054.06.

I. Risk Financing and Related Insurance Issues

The categories of risk of loss to which the township is exposed and for which it has purchased insurance are as follows: property damage, liability accident workers compensation and theft. There have been no significant reductions in insurance coverage as compared to the previous year.

To the Honorable Members of the
Mt. Haley Township Board
Midland County, Michigan

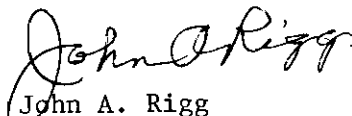

COMMENTS AND RECOMMENDATIONS:

1. Books and records are maintained on a cash basis. They have been converted to a modified accrual basis for audit purposes.
2. It was noted that budgeted figures were not amended during the year. These adjustments are required when receipts or expenditures exceed 10% of budgeted amounts. It was also noted that some recurring items are omitted from the budget such as the summer collection fee.
3. Many items of income and expense are being entered as just miscellaneous. In many cases these could be entered in the proper accounts such as the charges from Midland City and County for services related to assessing and tax rolls.
4. It appears that, with the Folk Music Society of Midland, rental agreements are not being used for each period. I would recommend that, for liability purposes, the township have an agreement that would cover on an annual basis. This assumes that they will continue to be an ongoing rental.

I wish to thank the township personnel for the assistance given during the completion of the audit.

During the completion of my examination, nothing indicating any improper or illegal action came to my attention.

Sincerely,

John A. Rigg
